## OBJECTIVE

---

A passionate and detail-focused computer science graduate eager to secure an entry-level software developer role, applying my skills and knowledge to drive innovation and support the organization's success.

## EDUCATION

---

- **B.Tech** : Computer Science and Engineering (Specialization in Data Science) Srinivasa Ramanujan Institute of Technology, CGPA: 9.04, 2021-2025 (Pursuing)
- **Intermediate** : Narayana Junior College, CGPA: 8.93, 2019-2021
- **SSC** : Keshava Reddy E.M School, CGPA: 8.8, 2018-2019

## TECHNICAL SKILLS

---

- Front-End Technologies: HTML5, CSS3.
- Back-End Technologies: Java Programming Language.
- Databases : Basics of SQL.

## PROJECTS

---

### CyberAID: Cybercrime Classification and Reporting System

- Developed CyberAID, an AI-powered system that classifies cybercrimes using NLP and EasyOCR for efficient detection.
- Achieved an accuracy of 86.5
- Utilized Google Colab and Jupyter for model training, optimization, and real-time text extraction.
- Enhanced cybersecurity analysis by automating crime classification, reducing manual effort, and improving response time.

### SimpleBankingSystem

Built a basic banking system using Java. Implemented features like account creation, deposit, withdrawal, and balance inquiry using object-oriented programming and collections. Designed an interactive CLI for real-time transaction management.

### Web Page:

Developed a EatBlog web page by using HTML,CSS. Eat Fit is a health-focused website offering nutritious, balanced meals tailored to various dietary needs. It provides convenient, fresh meal options to support fitness and wellness goals. D

## INTERNSHIP

---

- Role Name - Java Full Stack Development Dhee Coding Lab,Yelahanka,Banglore.

## HACKATHONS

---

- Gitam Hackfest 2k23: Spreadhead the development of "Fly Folio" mobile app during Gitam Hackfest 2k23 in Bangalore. Leveraged Flutter Flow AI for frontend and backend development, ensuring seamless user experience and secure data management via Firebase integration

## **EXTRA-CURRICULAR ACTIVITIES**

---

- Active member of National Service Scheme and Volunteered at blood donation campus of SRIT

## **CERTIFICATES**

---

- Certified with java full stack course offered by telentnext.
- Certified in Data Engineering Virtual Internship.
